# Clinical Research Award

## Clinical Research Award

This team award recognises a research project (comprising of a single or limited number of cohesive studies), which is developing new clinical knowledge or trialing innovative approaches relevant to the prevention, diagnosis and treatment of disease for Metro North patients.

Entry name

### Nomination Overview

200  
words

Please provide an overview of this nomination, including a summary of how the entry addresses the overarching Research Excellence Awards criteria.

- **Quality** – scientific merit of a piece or body of research.
- **Productivity** – activities and outputs, including research publications, work and training, supervision, conference presentations, patents, inventions and media communications.
- **Impact** – the demonstrable contribution locally, nationally and/or globally that the research outcome makes to society, services, policy, health or quality of life.

**Quality** – demonstrated leadership and excellence in research which is directly linked to clinical activities within Metro North.

300  
words

**Productivity** – evidence of activities and outputs including major research publications and grants arising from this work over the last five years, training and supervision of researchers, patents, inventions, conference presentations and media presentations.

300  
words

**Impact** – the contribution locally nationally and or globally that the research outcome makes to society services policy health or quality of life. Nominations that provide demonstrable outcomes and support of research growth will be highly regarded.
