# Professor Joan Webster Nursing and Midwifery Award

## Professor Joan Webster Nursing and Midwifery Award

This special award recognises the excellence and contributions of Metro North Nursing and Midwifery researchers. This award recognises exceptional contribution to research which has impacted or has the potential to influence Metro North patient outcomes through translation and/or implementation of research outcomes. This award is only open to Nurses and/or Midwives. To be eligible, the nomination must be for a Nursing and/or Midwifery researcher. Nominations are sought from the Metro North Research Committee, Metro North Nursing and Midwifery Research leaders, facility Executive Directors, Directors of Research and Clinical Research Directors/Leads. Individuals may also self-nominate. Applications will be reviewed by an expert panel of peers.

Entry name

### Nomination Overview

200 words

Please provide an overview of this nomination, including a summary of how the entry addresses the overarching Research Excellence Awards criteria.

- **Quality** – scientific merit of a piece or body of research.
- **Productivity** – activities and outputs, including research publications, work and training, supervision, conference presentations, patents, inventions and media communications.
- **Impact** – the demonstrable contribution locally, nationally and/or globally that the research outcome makes to society, services, policy, health or quality of life.

**Quality** - scientific merit and originality of ideas, and/or evidence of the research program embedded in Metro North.

200 words

**Productivity** – activities and outputs including research publications, work and training supervision, conference presentations, patents, inventions and media communications. Nominations should include publications as first or senior author.

200 words

**Impact** – the demonstrable contribution locally nationally and or globally that the research outcome makes to health outcomes for patients and community, society, health policy or scientific knowledge, and the growth of Nursing and Midwifery Research capacity in Metro North and mentoring of emerging researchers.
