Rising Star Award

Rising Star Award

An individual award for early career researchers based on research outcomes achieved within 10 years (full-time equivalent) of commencement of the nominee’s research career at the time of nomination. Career interruptions impacting on full-time equivalence will be considered and assessed based on Research Opportunity and Performance.

Entry name

Nomination Overview

200
words

Please provide an overview of this nomination, including a summary of how the entry addresses the overarching Research Excellence Awards criteria.

- **Quality** – scientific merit of a piece or body of research.
- **Productivity** – activities and outputs, including research publications, work and training, supervision, conference presentations, patents, inventions and media communications.
- **Impact** – the demonstrable contribution locally, nationally and/or globally that the research outcome makes to society, services, policy, health or quality of life.

Quality – evidence of excellence in research productivity relative to opportunity at an early stage of the individuals research career, and evidence of the research program embedded in Metro North.

300
words

Productivity – nominations should demonstrate the number of research outcomes of significant promise for an early career researcher (e.g., top 5 publications as first or senior author over the last ten years, grants – especially major grant funding as CIA or CIB, and presentations).

500
words

Impact – evidence of research impact to health outcomes for Metro North patients and community, society, health policy or scientific knowledge, relevant to clinical challenges within Metro North.
